- Filter condition indicator 1
- Handle 1
- Safety class II
- Roller brush 1 piece

Order no.: 1.033-301.0

Technical data

Working width (mm)	360
Air flow rate (l/s)	44
Vacuum (mbar /kPa)	180/18
Container capacity (l)	5.5
Max. intake performance (W)	max. 1150
Standard nominal width (mm)	35
Length of cord access. (m)	12
Sound pressure level (dB(A))	66
Power rating brush (W)	150
Weight (kg)	9
Dimensions (L x W x H) (mm)	275x360x1250

Details

Description

Professional cleaning demands high standards of engineering and quality. Kärcher brush-type upright cleaners incorporate modern technology and unique product benefits that meet all the requirements of professional vacuuming, sweeping and maintenance. Everything is engineered to the quality you expect from Kärcher: No compromises have been made. A manual adjustment enables you to set the brush to the ideal height for the pile being cleaned. An electronic indicator shows you when the adjustment is right. And if the brush becomes blocked for any reason, the electronic control switches off the unit before any harm can be done. Suction tube for problem areas. Kärcher upright vacuum cleaners are equipped with a detachable suction tube for vacuuming upholstery and getting into awkward corners and other difficult-to-reach areas. A quarter of a turn is all that is really to release the suction tube from the unit. The brush motor is switched off automatically while the suction tube is in use. This avoids unnecessary brush wear and protects the carpet too. The replaceable brush strip is a really good idea. There is no need to replace the entire roller brush, only the brush strip. That helps save time and money. An automatic brush pressure release mechanism is activated when the unit is at a standstill to keep the brush in perfect shape and avoid damage to the carpet. Up to medium large areas are cleaned quickly with the CV 36/2. Be it in shops, showrooms, offices, ticket halls, hospitals, hotels, restaurants or private households, the working width of 360 mm cleans even large areas in no time. The metal sole plate ensures a long service life in tough professional applications. Robust and durable.

Application

For textile floor cleaning. Mechanical brush action makes the pile sit up.

Features & Benefits

Bristle strip is exchangeable Economic and practical because the roller doesn't have to be changed with its bearings. Brush roller driven by toothed belt Optimum efficiency, economic and practical Detachable suction tube Enables surfaces to be cleaned that cannot be reached with the brush head Device to prevent unit being used without filter bag and safety filter Protection against operator errors Electronic brush condition monitor Optimum indication of condition of brush roller, correct height adjustment, bristle wear, brush blockage Flat and wide brush head Cleans close to walls and under furniture Housings of vac and brush head made of high grade ABS plastic Sturdy, impact resistant for heavy-duty applications, recyclable. Triple filter system, paper filter bag, motor protection filter, exhaust filter Optimum filtration and max. utilization of filter bag capacity by filling from above. Protects motor against dust and dirt. Additional filter for exhaust air.

Accessories

All-purpose brushes

All-purpose brush, DN 35

Natural bristles (ox hair), bristle element 120 x 45 mm

Order no. 6.903-863.0

Brush strips for upright vacuum cleaners

Black (normal), soft bristles

Order no. 6.905-503.0

Brush strip red, CV 36/2

Red (hard), hard bristles (e.g. for needled felt)

Order no. 6.905-596.0

Brush strip CV36/2 antistatic

Black bristled with brass bristles for the dissipation of electrostatic charges

Order no. 6.906-887.0

Coarse dirt rollers brush for upright vacuum cleaner

Coarse dirt roller brush CV 36/2

Better vacuuming of e.g. paper clips, grit

Order no. 4.762-231.0

Combi-nozzles (dry)

Combi-nozzle (dry), DN 35

Plastic with stainless steel soleplate, switchable, with IC 35 inside cone

Order no. 6.906-511.0

Combination nozzle packaged DN35

Plastic, with stainless steel soleplate and rollers, switchable

Order no. 6.906-874.0

Crevice nozzles

Grout nozzle

Plastic

Order no. 6.900-385.0

Fabric filter bag

Fabric filter bag

Cotton, washable (40°C)

Order no. 6.906-098.0

Fleece filter bags (3 ply)

Fleece filter bags CV 36/2 - CV 46/2, CW 50 - CW 100, 10 pcs

Fleece filter bags, tear-resistant, 3-ply, dust class M

Order no. 6.904-311.0

Fleece filter bags (3 ply)

Fleece filter bags neutral CV 36/2 - CV 46/2, CW 50 - CW 100, 300

Fleece filter bag, 3-ply, tear-proof, dust class M / large-scale consumer pack

Order no. 6.904-331.0

Micro filter

Micro filter

BIA-C, dust class M approved, without holder, for 6.906-099

Order no. 6.904-138.0

Micro filter

BIA-C, dust class M approved, complete with holder

Order no. 6.906-099.0

Nozzle sets

Nozzle set

Crevice tool, upholstery tool, round brush

Order no. 2.860-116.0

Paper filter (2 ply)

Paper filter bags CV 36/2 - CV 46/2

BIA-C, dust class M approved / large-scale consumer pack

Order no. 6.904-059.0

Paper filter (2 ply)

Paper filter bag CV 36/2 - CV 46/2

BIA-C, dust class M approved

Order no. 6.906-097.0

Reducer (tube -> nozzle)

Reducer (tube -> nozzle)

From DN 35 to 32, metal

Order no. 6.902-072.0

Set of replacement parts for upright vacuum cleaners

Wear parts set CV 36/2

1 brush strip (black), 10 filter bags, 2 filters

Order no. 2.883-454.0

Set reducing / extension sleeves

Set reducing/ extension sleeves

ID 40/35, ID 35/32 (tube -> nozzle), plastic

Order no. 2.860-117.0

sonstiges

Extension cable

20 meter.

Order no. 6.647-022.0

Suction brushes

Suction brushes

Natural bristles (cattle hair), pivotable

Order no. 6.903-862.0

Upholstery nozzles

Upholstery nozzle, DN 35

Plastic

Order no. 6.900-233.0
