# Our new A 2014 car vac!

## A 2014

- 1200 W P max.  
150 Watt on floor nozzle
- 12 l container capacity
- 170 mbar vacuum
- Air flow rate 65 l/s

## Product Idea

This unit is the ideal product for interior car cleaning due to its size, low weight and its mobility. In combination with our especially developed cleaning accessories you get the optimal solution for all cleaning tasks in your car.

## Consumer benefit

- The included accessories are optimally suited for time-saving car cleaning as well as other cleaning jobs.
- With the extra-long crevice tool hard to reach areas, e.g. in-between seats and side compartments, can be cleaned easily.
- The upholstery tool with brushes eliminated easily dirt. Dust and hair on seats and carpets can be easily removed.
- The special micro hose kit cleans trouble-free small and sensitive areas in the car, e.g. around the radio or around the air vent.

Small and clever whenever space is rare.

## Standard accessories

- 1.9 m suction hose with straight handle
- 2 suction tubes à 0.5 m
- Wet & dry nozzle (Clip)
- **Extra-long crevice tool (350 mm)**
- **Upholstery tool with brushes**
- **Micro hose with Micro crevice tool and Micro dusting brush**
- Paper filter bag
- Diameter 35 mm

# Special accessory wet & dry – Ash filter premium version

## Ash filter with fine filter solution

## Features and Benefits

- In this version, the pre-filter is equipped with a textile bag (flameproof) which can be easily adjusted on the new inlet on the inside of the cover (please see pictures). Coarse dirt as well as fine dust will be kept in the container of the pre-filter.
- TÜV approval → useable for **any** wet **or** dry vacuum cleaner. (Kärcher + competitors, wet and dry vacs + standard dry vacs) Liquids only with wet and dry vacs.

This benefit will be shown on the packaging with an equivalent label. (German, English, Spanish, French)

## „Technical“ Data

- 20 l container
- 1.0 m metal suction hose
- 230 mm metal suction tube
- fine filter textile bag **(washable at 30 ° C)**

### Optional accessory:

Extra long metal crevice tool for the ash filter (360 mm)  
2.640-951.0

## Product idea

- Upgrade of our present ash filter. With fine filter solution offering a higher filtration rate.
