

# BR 55/60 W

## TECHNICAL DATA:

### BR 55/60 W

performance:	2.475 m <sup>2</sup> /h
working width:	550 mm
brush motor rating:	2 x 600 W
drive:	200 W
suction power:	500 W
brush rotation:	1.400 1/min
tank capacity:	60/60 l
battery capacity:	24 V/160 Ah
weight with batteries:	235 kg

## ACCESSORIES:

- different brushes and pads
- different squeegees
- battery and on-board charger (Package-version)
- mounting kit big caster wheel for an optimized weight-distribution balance
- mounting kit spray-extraction (wall-ceiling-floor- nozzle)
- mounting kit dry suction

## MAIN FEATURES:

- innovative brush head with integrated sweeping while scrubbing
- frame made of plastic - no corrosion
- device for mounting kit dry suction at the brush head
- large boom swing of the suction beam
- large battery capacity for a long working time
- tank-in-tank-system
- fresh water tank with filling mark and a big opening for emptying
- ergonomical type of construction for application-friendly use

## MARKETING IDEA:

Comfortable and compact walk-behind floor scrubber for middle-sized areas of 500-2000 m<sup>2</sup>.

## TARGET GROUPS:

- municipal authorities
- contract cleaner
- super market/shopping centre
- trade
- small industrial operation
- car trade

## AVAILABILITY:

KW 43/02
