Description

Energy efficiency meets high suction force: The MV 4 is a middle class multi-purpose vacuum cleaner which, with a power consumption of only 1000 watts, impresses with a strong suction performance of 1600 watts. The vacuum cleaner has a modern look, features a robust and impact-resistant 20-litre plastic container and a flat fold filter in a filter cartridge, which can be removed in seconds by simply folding it out - without any contact with dirt. The filter is suitable for wet and dry suction without having to change the filter. The new suction hose and the innovative clip-on floor nozzle with 2 rubber and 2 brush strips form the perfect team and guarantee consistently excellent cleaning results. The removable handle allows direct attachment of accessories to the suction hose. The parking position for floor nozzle & suction pipe performs excellently during work breaks. There is also the 'Pull & Push' locking system, the ergonomic handle and the practical cable and accessory storage on the device.
