

# HD CAGE CLASSIC

## Robust. Flexible. Reliable.

The Cage Classic range is sure to impress with its powerful crankshaft pumps and ceramic pistons. A water filter protects the pump. Mounting to a wall is possible thanks to a robust tubular frame construction. Now available: HD 7/11-4 Cage Classic with single-phase motor

### 1 Durable and reliable

- Four-pole electric motor.
- Brass cylinder head and ceramic piston.

### 2 Robust and secure

- Robust tubular frame pipe frame construction guarantees optimal protection of the machine.
- Integrated handles for transport.

#### HD 9/18-4 Cage Classic

- Durable crankshaft pump with ceramic-coated pistons
- Robust tubular frame construction for maximum protection
- Can be mounted to a wall

#### HD 7/16-4 Cage Classic

- Durable crankshaft pump with ceramic-coated pistons
- Trigger gun storage with automatic machine switch-off
- Can be mounted to a wall

#### HD 7/11-4 Cage Classic

- Durable crankshaft pump with ceramic-coated pistons
- Robust tubular frame construction for maximum protection
- Can be mounted to a wall
