

# RM 25 ASF

Active cleaner, acid, concentrate

## PRODUCT INFORMATION

### High-pressure cleaner for sanitary rooms

#### Properties

- \* strong acid, powerful high-pressure cleaning agent
- \* powerful cleaning activity at all stages of temperature
- \* easily oil-/water splitting in the oil separator
- \* solves highly effective precipitations and layers of lime, rust, beer, milkstone, fat and proteins
- \* amber coloured with poor, mild odour
- \* pH- value < 1 in the concentrate

#### Fields of application:

- \* sanitary areas
- \* toilets
- \* swimming pools and -halls
- \* food area
- \* tiles
- \* mountings
- \* container, tanks
- \* barrels

#### Processing:

	pre-dilution	dosing pre-dilution	temperature
* presprayer (1)	1+3	pure	cold
* high-pressure cleaning	1+3	0,5-4%	80°C
* high-pressure cleaning	1+3	4-10%	cold

(1) reaction time 1-5 min – in the food area: rinse carefully with drinking water

#### Economy

1 L RM 25 ASF is sufficient for cleaning approx. 40 m<sup>2</sup>, predilution 1+3, dosage 4% at the high-pressure appliance, medium soiled area.

#### Handling:

pre-dilution: first measure the necessary amount of water, then add RM 25 ASF under stirring and mix properly.

#### Remarks:

- \* when cleaning sensitive surfaces, make pretests at first.
- \* do not allow to dry cleaning agent solutions on the surface.
- \* rinse tile joints and metal carefully with clear, cold water.
- \* rinse hot water machines at minimum 2 minutes with cold water.
- \* especially in the area of sanitary and food we recommend an altering use of alkaline and acidic cleaning agents to prevent the growing of inert bacteria
- \* store frostfree

# **RM 25 ASF**

Active cleaner, acid, concentrate

## PRODUCT INFORMATION

### Attention:

- Xi irritant; R 36/38 Irritating to eyes and skin.  
S 2 Keep out of the reach of children.  
S 23 Do not breathe aerosol.  
S 26 In case of contact with eyes, rinse immediately with plenty of water and seek medical advice.  
S 37/39 Wear suitable gloves and eye/face protection.  
S 46 If swallowed, seek medical advice immediately and show this container or label.  
S 51 Use only in well ventilated areas.  
S 60 this material and its container must be disposed of as hazardous waste.

### Certificates from neutral institutes:

- \* DEKRA certificate of ASF-efficiency

### Further information

- \* Material safety data sheet

### Process:

Object: e.g. toilets, swimming hall, butchery

prespraying: apply 1+3-mix,  
reaction time 1-5 minutes

cleaning: with high-pressure and hot, clear water.

**alternative:** instead of prespraying: high-pressure one-step cleaning with:  
1+3 pre-dilution and 1% dosing on the machine (80°C)  
1+3 pre-dilution and 5% dosing on the machine (cold)
