

Wet & Dry Vacuum Cleaner

A 2731pt *EU

The professional appliance for do-it-yourselfers!

The A 2731 pt (pt = power tool) is equipped with a power socket to which power tools can be connected. The automatic switching system switches the vacuum cleaner on or off automatically. Dust created during drilling, sawing or sanding is immediately vacuumed away at source. For clean-ups in the car, garage, basement and hobby workshop. Ideal for conversion and renovation work.

The A2731 pt was developed specially to cater for the requirements of do-it-yourselfers. This is most clearly evident from its automatic switching system. With the help of the accompanying adapter, a power tool such as a sander can be connected to the suction hose. The power tool's power cord is plugged into the socket on the vacuum cleaner.

Standard accessory:

- 3.5 m suction hose
- 2 suction tubes à 0.5 m
- Changeover wet & dry nozzle
- Crevice tool
- Car vacuuming tool
- Paper filter bag
- Eco flat pleated filter
- Comfort power socket
