

## Submersible Pressure Pumps

# SPP 56 Inox \*EU II

Regular and targeted watering is necessary to make your garden blossom. That is now child's play with Kärcher's new garden pumps and submersible pressure pumps. These high-performance pumps have enough pressure to run several sprinklers simultaneously. Water pressure is maintained over long distances so that you can make practical use of water from springs, wells, ponds or rain barrels. Installation and operation are really simple. Approved Kärcher quality. The compact "well pump" for a fast and convenient irrigation. Robust and powerful. "Assemble and forget". Guaranteed by the robust stainless steel housing and the integrated thermal switch. Slim dimensions. Perfectly suitable for the use in wells due to the slim dimensions. Incl. 20 m cord

Standard accessories:

- Pump housing in stainless steel
- Incl. 20 m rope to let the pump down into the well
- Integrated non-return valve

Order no. 1.645-410.0  
EAN-code 4039784223622

Pallet size 40 units

## Technical Data

Motor capacity	800	Watt
Max. output quantity	4.800	l/h
Max. water head / pressure	56 / 5.6	m/bar
Diameter	98	mm
Max. immersion depth	14	m
Connecting cable	15	m
Connecting thread	G1 1/4	
Power supply	1 / 230 / 50	~ / V / Hz
Dimensions (L x W x H)	98 x 98 x 600	mm
Weight	12.0	kg
